**A RESOLUTION DETERMINING THE
PREVAILING RATE OF WAGES**

Recitals

The *Prevailing Wage Act*, approved June 26, 1941, as amended (820 ILCS 130/1 *et seq.*) required that County of Washington investigate and ascertain the prevailing rate of wages in said locality for work which is of similar character to that which may be performed by laborers, mechanics and other workers engaged in the construction of public works for said County; and

The aforesaid Act requires Washington County to investigate and ascertain said prevailing wages once each year in the month of June; and

Washington County enacted Ordinance No. ~~014-09~~, entitled *An Ordinance Incorporating the Terms of the Prevailing Wage Act*, on June 25, 1993, wherein authority was granted to the Board of the County to enact a resolution each calendar year in order to ascertain the then current prevailing rate of wages which resolution shall supersede the determination provided in said Ordinance.

NOW, THEREFORE, BE IT RESOLVED BY THE CHAIRMAN AND BOARD MEMBERS OF WASHINGTON COUNTY, WASHINGTON COUNTY, ILLINOIS, as follows:

SECTION 1. The recitals enumerated above are incorporated herein by reference and made a part hereof as though fully set forth herein.

SECTION 2. To the extent and as required by the *Prevailing Wage Act*, the general prevailing rate of wages in this locality for laborers, mechanics and other workers engaged in construction of public works coming under the jurisdiction of Washington County, is hereby ascertained to be the same as the prevailing rate of wages for construction work in the Washington County area as determined by the Department of Labor of the State of Illinois as of June of the current year. A copy of the prevailing rate of wages for construction work in the Washington County

area as determined by the Department of Labor is or will be attached hereto and is incorporated herein by reference. As required by said Act, any and all revisions of the prevailing rate of wages by the Department of Labor of the State of Illinois shall supersede the Department's June determination and apply to any and all public works construction undertaken by the County of Washington. The definition of any terms appearing in this Resolution which are also used in aforesaid Act shall be the same as in said Act.

SECTION 3. Nothing herein contained shall be construed to apply said general prevailing rate of wages to any work or employment except public works of said County to the extent required by the aforesaid Act.

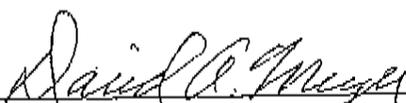

SECTION 4. The Clerk shall publicly post or keep available for inspection by any interested party in the main office of this County this determination or any revisions of such prevailing rate of wages. A copy of this determination or of the current revised determination of prevailing rate of wages then in effect shall be attached to all contract specifications.

SECTION 5. The Clerk shall mail a copy of this determination to any employer, and to any association of employers and to any person or association of employers who have filed their names and addresses, requesting copies of any determination stating the particular rates and the particular class of workers whose wages will be affected by such rates.

SECTION 6. The Clerk shall promptly file a certified copy of this Resolution with the Illinois Department of Labor.

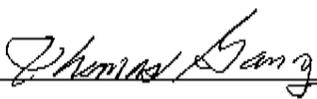

SECTION 7. The Clerk shall cause to be published in a newspaper of general circulation within the area a Notice stating the Prevailing Wage Resolution has been adopted and such publication shall constitute notice that the determination is effective and that this is the determination of this public body.

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.
