INSTRUCTIONS TO APPLICANTS:

A Special Use Permit allows developments listed in Article 5 of the Revised Zoning Ordinance which have been designated 'special uses'. Some uses may require a Special Use 'Permit even though they are not listed under 'special uses'. These may be Planned Unit Development (PUD), public service uses, and other uses which, although generally considered desirable or compatible with other uses in the zoning district in which they may be permitted, require special review. This review is performed by the Zoning Board of Appeals at a public hearing. For PUD's, an Advisory Report from the Washington County Planning Commission is required prior to the scheduling of a public hearing by the Zoning Board of Appeals.

A notice of the hearing must be published in a newspaper of general circulation in the local area at least IS days prior to the hearing date. The Zoning Administrator must notify adjoining land owners by letter concerning the proposed special use. The applicant and/or his or her duly-authorized agent must appear at the hearing and present his/her case to the Zoning Board of Appeals. Following the hearing the Zoning Board of Appeals will forward their Advisory Report and recommendation to the County Board for final action.

The applicant should be able to show, by a site plan and documentary evidence, that the proposed development will be in harmony with the general purpose and intent of the Revised Zoning Ordinance and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

All information requested below, a site plan as described on the attached sheet, existing topography or the property and proposed finished grade, and a development schedule providing reasonable guarantee for the completion of the construction must be provided before a hearing will be scheduled. Applicants are encouraged to visit the Office of the Zoning Administrator for any assistance in completing this application.
